

VOW FORMULA OF THE BROTHERS OF SAINT JOSEPH

At the end of the annual retreat, those who have completed two years of formation would profess a vow of obedience. Those who were already professed would renew their vow for one year.

In the name of the Most Holy Trinity, in the presence of the Most Holy Virgin, Mother of God, of Saint Joseph and of the Holy Angels, I, Brother _____ , after having proved myself and begged God to make me know my vocation, declare that I consecrate myself to the education of children in the Congregation of the Brothers of Saint Joseph, and that I submit myself unreservedly to the Rules and statutes of the said Congregation, promising to observe them exactly; and in consequence, I renew for one year the vow of obedience to the Superior of the said Congregation. So help me God and His Holy Mother.
